TECHNICAL EXPERIENCE

Junior Software Engineer  
Kriotek Pvt Ltd

Apr 2025 — Present  
Ratlam, Madhya Pradesh

Junior Software Engineer with experience in developing and maintaining web applications, building responsive user interfaces, and collaborating with cross-functional teams to deliver scalable software solutions. Skilled in writing clean, maintainable code and working with modern front-end and backend technologies.

- Developed and maintained web application features using modern JavaScript frameworks and REST APIs.
- Collaborated with developers and designers to implement responsive and user-friendly interfaces.
- Debugged issues, optimized application performance, and contributed to code reviews and testing processes.

React Developer Trainee  
Kriotek Pvt Ltd

Aug 2024 — Mar 2025  
Ratlam, Madhya Pradesh

React Developer Trainee with hands-on experience in building responsive web interfaces and learning modern front-end development practices using React and JavaScript. Familiar with component-based architecture, API integration, and creating user-friendly web applications.

- Developed reusable UI components and responsive pages using React, HTML, CSS, and JavaScript.
- Assisted in debugging, API integration, and improving front-end performance and usability.

WordPress Developer  
Web Indore IT Solutions

Mar 2023 — Sep 2023  
Indore, Madhya Pradesh

WordPress Developer with experience in building and customizing responsive websites using WordPress. Skilled in theme customization, plugin integration, and creating user-friendly website layouts for business and client requirements.

- Customized WordPress themes, plugins, and website layouts to improve functionality and user experience.
- Managed website updates, content integration, and basic performance optimization tasks.

EDUCATION

Bachelor of Technology - Computer Science & Engineering, CGPA 7.56 Jun 2024

KEY STRENGTHS

- Strong communication and interpersonal skills with the ability to collaborate effectively in team environments.
- Quick learner with the ability to adapt to new technologies, tools, and development workflows efficiently.
- Excellent problem-solving and analytical skills with a focus on delivering practical and effective solutions.
- Good time management and organizational abilities to handle multiple tasks and meet project deadlines.
